SYNCHRONICITY

For over
25 years,
we have been
making
children's
dreams
come true!

SYNCHRONICITY

OUR COMPANY

OUR JOB

We design, manufacture and fit out outdoor play areas and local sports facilities. We believe that all children should be able to express themselves through fun, encounters and perception.

FRENCH MANUFACTURER

Our factory benefits from digital technologies while preserving, through the men responsible, the know-how and the concern for the workmanship, as well as optimised working conditions guaranteeing the safety of our teams.

AS CLOSE AS YOU CAN GET

Wherever you are, you will find a team dedicated to helping you develop your project. Our experts are at your service to offer you a tailor-made, turnkey solution.

Our vision is to build
accessible, quality
intergenerational
spaces for the
well-being of all!

SYNCHRONICITY catalogue 15

CORPORATE CITIZENSHIP

ON BEHALF OF THE PLANET

We share our love for the planet with you. We develop responsible production by rigorously selecting sustainable materials for long term use.

Recycled
plastic posts
plates,
HDPE wood
chips.

LCL CLOHARS LE POULOU 29

RECYCLED MATERIAL

Synchronicity is the first French Company to offer games from recycled materials. Produced from the shredding of household and industrial plastics (yellow waste bins), they contribute to the circular economy by offering, in addition to their ecological qualities, absolute reliability over time.

Today we are
the only ones
to offer
"games from
the yellow
waste bin"

5

BETWEEN YOU & US

«Our flexible offer is suitable for all styles and budgets»

AIRE JEUX HERIGNAC 33

OVER 25 YEARS OF EXPERIENCE

Over 15 000 games around the world are the witnesses to our teams' ability to make children's dreams come true.

591...

...games available in this catalogue to meet your needs. But that is not the only thing: over 1 200 other structures are available...

whichever your style, you will find a game adapted to your needs thanks to our search engine on the Website: www.synchronicity.fr

OPTIMISED BUDGET

We master all the processes to offer you a turnkey solution, while meeting your objectives and constraints.

ORIGINAL DESIGN

Bikini & Bermuda's shapes and colours have a real personality. Our designers are always looking for innovation, with child development as goal.

FOCUS ON QUALITY

Our games are manufactured with care and attention, and quality is a permanent concern for our teams. We guarantee an optimal longevity and a simplified maintenance.

SAFETY

We comply with EN 1176 and following European standards. We thus certify that our games comply with the regulations in force.

OUR PROMISES

VERSATILITY OF MATERIALS

Synchronicity offers unparalleled flexibility of materials and colour combinations to suit all budgets and styles.

AFTER SALES SERVICE

An After Sales Service is dedicated to you on a specific email address. After having identified your needs, our team will take care of your request in order to answer you as soon as possible. We guarantee the follow-up of parts for a minimum of 10 years.

PROMISE DEADLINE - LOGISTICS

Our internal flows and our production organisation are also focused on optimising delivery times. Thus, when your order is validated, you are informed of a provisional delivery time, and we also offer to take care of the logistics up to your place of delivery.

INTEGRATED ENGINEERING DEPARTMENT

In close contact with the sales team, our engineering department is at your disposal to imagine and create all special combinations adapted to your objectives. Carrying out a layout plan, a photographic integration allows you to visualize your project.

PRE-ASSEMBLING SOLUTIONS

On the French territory, we offer to deliver the sets pre-assembled. To save time and ensure reliability, this solution is offered to you by default whatever your order.

TURNKEY PROJECTS

To carry out the work, we have our own installation teams, made up of trained and skilled in-house personnel. We also use a network of approved partners, selected for their professionalism and responsiveness.

* 10 year minimum guarantee for the follow-up of parts

VOLUNTARILY SPORTY

The ambition of our equipment is to respond to the growing demand for equipment that are open to all and freely accessible, for spontaneous and friendly sports practice, individually or in small groups, without prior reservation or constraints.

For some years now, we have been witnessing a different kind of sport practice from conventional sport, outside of associations and federations, closer to nature, where imagination replaces regulations and where pleasure takes precedence over training constraints. Young people, and in particular teenagers, identify with the practice of free sports. Synchronicity is the first manufacturer to have grouped together the specialities of these “anti-disciplines”, to present a complete panorama of this new sporting wave under the name “Sport & Co”.

STOEN FRONTON SAINT-ANDRE-DE CUBZAC 33

STOEN FRONTON TREVENTINES 49

SURFPARK

SURFPARK
board sports for everyone...
skate, roller, scooter for
beginners and regulars of
the ramps.

**THIS RANGE IS DESIGNED FOR
URBAN GLIDING.**

**Teenagers and young adults will
be able to meet in these modules
adapted to beginners.**

Reinforced galvanised metal frames,
resistant slip zones in HPL. Our
equipment is maintenance-free and
complies with NF EN 14 974+A1 Stan-
dards.
